

Our Year in Review

We awarded scholarships to **6** high school graduates and **3** current LVNs at DHCHD who are working to attain RN certification.

The Foundation established the Dr. Cunningham Scholarship in 2019, which provides financial assistance to train and equip our future and existing health workforce.

\$15,000 given by Hilmar and donors in The Panhandle Gives Campaign for a mini PT/OT gym in the hospital, convenient for both nursing home patients and swing bed patients.

We partner with the Hospital District, under a shared goal to advance services offered and upgrade equipment.

Since October 2021, **190** women have been screened for breast cancer, thanks to the Harrington Cancer & Health Foundation grant that brought mammography services to Dalhart.

We seek to connect our Hospital District with philanthropic efforts, allowing for greater impact locally.

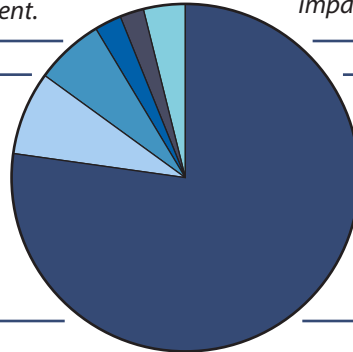

The Pearl Ingram Estate left a bequest of \$150,000, which the Foundation Board designated toward the new **90** patient room nursing home.

With gifts like this and the support from our community, we are pleased to envision a legacy of health and care for generations to come.

Financial Impact

85% of funds directly supported our mission and advanced health outcomes in Dallam and Hartley counties.

■ 77.4% Medical Equipment	■ 7.85% Scholarships
■ 6.19% Donor Appreciation	■ 2.51% Dues
■ 2.41% Printing	■ 3.63% Other

\$7245 earned in amplification dollars through The Panhandle Gives campaign. Donors designated \$56,206 for the Dallam Hartley County Healthcare Foundation during the campaign, earning the extra amplification funding.

Figures for Fiscal Year 2021-2022

Dear Friend of DHCHF,

Thank you for your partnership in improving our local health services as a supporter of DHCHF. Along with our Hospital District, the Foundation seeks to invest in the people, equipment, and services that enable excellent care for our counties.

Because of your donations, we saw that vision realized in FY2021-2022. As you'll see on the opposite side of this postcard, we received over \$240,000 in donations and grants last year, allowing us to train and upskill local health workers; invest in new equipment for our emergency room, hospital, and nursing home; and establish a new fund for a brand new nursing home.

As we approach the 2022 Panhandle Gives campaign, which runs November 21-29, we are looking forward to continuing this legacy of care for generations to come. Thank you for being a part of this success through your financial support.

Sincerely,

Julia Andrus Williams
