JULY 31, 2022 AND 2021**

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Management  
Dallam-Hartley Counties Hospital District  
Dalhart, Texas

### Report on the Combined Financial Statements

#### *Opinion*

We have audited the accompanying combined statements of net position of Dallam-Hartley Counties Hospital District and Dallam-Hartley Counties Healthcare Foundation, Inc., a component unit of Dallam-Hartley Counties Hospital District (collectively referred to as the "District"), as of July 31, 2022 and 2021, and the related combined statements of revenues, expenses, and changes in net position and combined statements of cash flows for the years then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the combined financial position of Dallam-Hartley Counties Hospital District and Dallam-Hartley Counties Healthcare Foundation Inc., a component unit of Dallam-Hartley Counties Hospital District, as of July 31, 2022 and 2021, and the changes in its combined financial position and its combined cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Emphasis of Matter*

As explained in Note 2 to the combined financial statements, the District adopted GASB Statement No.87, *Leases*, which is applied retroactively. The implementation of this statement had no effect on net position for July 1, 2021. Our opinion is not modified with respect to this matter.

***Responsibilities of Management for the Combined Financial Statements***

Management is responsible for the preparation and fair presentation of these combined financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditor's Responsibility for the Combined Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

***Auditor's Responsibility for the Combined Financial Statements (Continued)***

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages A-1 through A-5 be presented to supplement the basic combined financial statements. Such information, although not a part of the basic combined financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic combined financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic combined financial statements, and other knowledge we obtained during our audit of the basic combined financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 24, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
JULY 31, 2022 AND 2021**

**UNAUDITED**

Our discussion and analysis of Dallam-Hartley Counties Hospital District and Dallam-Hartley Counties Healthcare Foundation, Inc.'s (the "District") combined financial performance provides an overview of the District's combined financial activities for the fiscal years ended July 31, 2022 and 2021. Please read it in conjunction with the District's combined financial statements, which begin on page 1.

**FINANCIAL HIGHLIGHTS**

- The District's combined net position decreased by (\$1,911,840) or (15.3%) in 2022, and increased by \$3,980,150 or 46.9% in 2021.
- Net patient service revenue decreased in 2022 by \$948,702 or 4.0%, and increased in 2021 by \$742,834 or 3.2%.
- The District reported a combined operating loss of \$6,493,718 and \$2,746,120 in 2022 and 2021, respectively. The operating loss in 2022 had an unfavorable increase of \$3,747,598 over the operating loss reported in 2021.

**USING THIS ANNUAL REPORT**

The District's combined financial statements consist of three statements, a Combined Statement of Net Position; a Combined Statement of Revenues, Expenses, and Changes in Net Position; and a Combined Statement of Cash Flows. These combined financial statements and related notes provide information about the activities of the District, including resources held by the District but restricted for specific purposes by contributors, grantors, and enabling legislation.

**The Combined Statements of Net Position and Combined Statements of Revenues, Expenses, and Changes in Net Position**

Our analysis of the District's finances begins on page A-2. One of the most important questions asked about the District's finances is, "Is the District as a whole better or worse off as a result of the year's activities?" The Combined Statements of Net Position and the Combined Statements of Revenues, Expenses, and Changes in Net Position report information about the District's resources and its activities in a way that helps answer this question. These combined statements include all restricted and unrestricted assets, deferred outflows of resources, all liabilities, and deferred inflows of resources using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two combined statements report the District's combined net position and changes in them. You can think of the District's combined net position—the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources—as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's combined net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the District's patient base and measures of the quality of service it provides to the community, as well as local economic factors to assess the overall health of the District.

**The Combined Statements of Cash Flows**

The final required statement is the Combined Statements of Cash Flows. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, and financing activities. It provides answers to such questions as “Where did cash come from?” “What was cash used for?” and “What was the change in cash balance during the reporting period?”

**THE DISTRICT’S COMBINED NET POSITION**

The District’s combined net position is the difference between its assets, deferred outflows of resources, liabilities, and deferred inflows of resources reported in the Combined Statement of Net Position on page 2. The District’s combined net position decreased by (\$1,911,840) or (15.3%) in 2022, and increased by \$3,980,150 or 46.9% in 2021, as you can see from **Table 1**.

**DALLAM-HARTLEY COUNTIES HOSPITAL DISTRICT  
UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
JULY 31, 2022 AND 2021**

**Operating Income (Loss)**

The first component of the overall change in the District's combined net position is its operating income (loss) – generally, the difference between net patient service revenue and the expenses incurred to perform those services. The District has reported a combined operating loss of \$6,493,718 and \$2,746,120 in 2022 and 2021, respectively.

The primary components of the increase in operating loss in 2022 are:

- Net patient service revenue decreased by \$948,702 or 4.0%.
- Other operating revenue decreased by \$487,391 or 33.6%.
- Other operating expenses increased by \$2,491,764 or 18.5%.

The primary components of the increase in operating loss in 2021 are:

- Other operating revenue decreased by \$583,584 or 28.7%.
- Delivery System Reform Incentive Program revenue decreased by \$88,500 or 12.6%.
- Salaries and benefits expense increased by \$619,156 or 4.7%.

**Nonoperating Revenues and Expenses**

Nonoperating revenues consist primarily of property taxes levied by the District along with subsidies from the Dallam and Hartley Counties and the City of Dalhart, rents and royalties, noncapital grants and contributions, interest income and interest expense, community benefit support and the related intergovernmental transfer expense. Tax revenue and subsidies from the county and city were \$3,816,116 and \$3,533,037 in 2022 and 2021, respectively.

**Grants, Contributions, and Endowments**

The District occasionally receives both grants from the state as well as contributions from individuals and private organizations. The District recognized capital grant revenue in the amount of \$292,760 and \$582,750 in 2022 and 2021, respectively.

**THE DISTRICT'S COMBINED CASH FLOWS**

Changes in the District's cash flows are consistent with changes in operating income/loss and nonoperating revenues and expenses as discussed earlier.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

**Capital Assets**

As of July 31, 2022 and 2021, the District had \$10,641,189 and \$9,591,950, respectively, invested in capital assets, net of accumulated depreciation, as detailed in Note 8 of the audited combined financial statements. The District acquired capital assets in the amount of \$2,537,909, and \$2,891,327 in 2022 and 2021, respectively, while depreciation expense totaled \$1,488,669 and \$1,471,337, respectively.

UNAUDITED MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
JULY 31, 2022 AND 2021**

**Debt**

As of July 31, 2022 and 2021, the District had \$5,128,498 and \$5,456,384, respectively, in notes payable and long-term debt outstanding, as detailed in Note 11 of the audited combined financial statements. During fiscal years 2022 and 2021, the District made payments of \$537,582 and \$1,564,534, respectively, on outstanding debt. During 2020, the District issued a Paycheck Protection Program ("PPP") loan in the amount of \$1,800,593. During 2021, the District received notice from the Small Business Administration that the PPP loan was forgiven in full, and the District recognized a gain on loan forgiveness in the amount of \$1,800,593.

**CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT**

This combined financial report is designed to provide our patients, suppliers, taxpayers, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. **DALLAM-HARTLEY COUNTIES HOSPITAL DISTRICT  
NOTES TO COMBINED FINANCIAL STATEMENTS  
JULY 31, 2022 AND 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Organization** - The Dallam-Hartley Counties Hospital District (the "District") was created for the primary purpose of owning and operating the Coon Memorial Hospital and Nursing Home, in order to furnish medical aid and hospital care to the indigent and needy persons residing within Dallam and Hartley counties. The District also operates the Dalhart Family Medical Clinic, High Country Rural Health Clinic, and Legacy Assisted Living facility. Historically, the District also owned and operated the Texline Clinic; however, this clinic terminated operations effective October 6, 2017. The District is governed by a seven member Board of Directors, elected by the commissioners' courts of Dallam and Hartley counties. The District's board of directors is empowered to manage and control the District, which includes the ability to levy taxes.

The Dallam-Hartley Counties Healthcare Foundation, Inc. (the "Foundation"), is a Texas 501(c)(3) non-profit health organization, established in October 2001 in order to promote support for Dallam-Hartley Counties Hospital District in the provision of healthcare. The District is the sole corporate member and both entities share a common board of directors. Due to this control, the Foundation is reported as a blended component unit of the District.

The District is the reporting entity for Coon Memorial Hospital and Nursing Home and the Richard and Katherine Coon Hospital Trust. By action of the District Court in Dalhart, Texas on May 1, 1980, the assets of the Richard and Katherine Coon Hospital Trust and the Richard Coon Hospital Estate were transferred to the Dallam-Hartley Counties Hospital District.

The accompanying combined financial statements include the accounts of Dallam-Hartley Counties Hospital District and Dallam-Hartley Counties Healthcare Foundation, Inc. (collectively referred to as the "District") using the blending method. Transactions and balances between the Hospital and Foundation have been eliminated in the combination.

**Enterprise Fund Accounting** – The District uses enterprise fund accounting. Revenues and expenses are recognized on the accrual basis using the economic resources measurement focus. The District has elected to apply the provisions based on Governmental Accounting Standards Board (GASB) Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncement*. The District has also elected to apply the provisions of Governmental Accounting Standards Board (GASB) Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position* and Governmental Accounting Standards Board (GASB) Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

**Use of Estimates** – The preparation of combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the end of the combined financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents** - The District considers highly liquid investments with an original maturity of three months or less to be cash equivalents, excluding amounts whose use is limited by board designation or other arrangements under trust agreements or with third-party payors.

**DALLAM-HARTLEY COUNTIES HOSPITAL DISTRICT  
NOTES TO COMBINED FINANCIAL STATEMENTS (CONTINUED)  
JULY 31, 2022 AND 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Assets Whose Use is Limited** – Assets whose use is limited include assets set aside by the board of directors to cover self-funded malpractice insurance liabilities. Amounts required to meet current liabilities of the District are reclassified in the combined statements of net position, when applicable.

**Inventory of Supplies** – Inventory is stated at historical cost on the First-In, First-Out (FIFO) method.

**Patient Accounts Receivable** – The allowance for estimated uncollectible patient accounts receivable is maintained at a level which, in management’s judgment, is adequate to absorb patient account balance write-offs inherent in the billing process. The amount of the allowance is based on management’s evaluation of the collectability of patient accounts receivable, including the nature of the accounts, credit concentrations, and trends in historical write-off experience, specific impaired accounts, and economic conditions. Allowances for uncollectibles and contractuals are generally determined by applying historical percentages to financial classes within accounts receivable. The allowances are increased by a provision for bad debt expense and contractual adjustments, and reduced by write-offs, net of recoveries.

**Capital Assets** – Capital assets are recorded at cost. Contributed capital assets are reported at their estimated fair value at the time of their donation. Equipment under capital lease obligations is amortized on the straight-line method over the shorter of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the combined financial statements. The District has elected to capitalize expenditures over \$5,000 and provide for depreciation of capital assets by the straight-line method at rates promulgated by the American Hospital Association, which are designed to amortize the cost of such equipment over its useful life as follows:

Land Improvements	15 to 20 years
Building (Components)	5 to 50 years
Fixed Equipment	5 to 30 years
Major Moveable Equipment	3 to 20 years

**Deferred Outflows/Inflows of Resources** – Transactions not meeting the definition of an asset or liability that result in the consumption or acquisition of net position in one period that are applicable to future periods are reported as deferred outflows of resources and deferred inflows of resources, respectively.

**Net Position** – The combined net position of the District is classified in three components: net investment in capital assets; restricted; and unrestricted. The net investment in capital assets component of net position consists of capital assets, net of accumulated depreciation, reduced by the current balances of any outstanding borrowings used to finance the purchase or construction of those assets. The restricted component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets. The unrestricted component of net position is the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

**DALLAM-HARTLEY COUNTIES HOSPITAL DISTRICT  
NOTES TO COMBINED FINANCIAL STATEMENTS (CONTINUED)  
JULY 31, 2022 AND 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Charity Care** – The District provides care to patients who are uninsured, underinsured, ineligible for any government health care benefit program, and who are unable to pay for their care under its charity care policy without charge or at a discount. Management's policy for determination of financial need of charity care is to request the patient, or the patient's guarantor, to complete an application, where they supply personal and financial information and any other pertinent information to determine if the patient is financially indigent. The hospital will also use external publicly available data sources to determine ability to pay, will make reasonable efforts to explore appropriate alternative sources of payment and coverage from payment programs, as well as assist patients to apply for such programs, will review patient's outstanding accounts receivable and payment history, and take into account the patient's available assets and all other financial resources available to them. Outstanding medical bills are used to determine if a patient is medically indigent. Because the District does not pursue collection of amounts determined to qualify as charity care, charity care is excluded from net patient revenue.

**Compensated Absences** – District policies permit most employees to accumulate vacation benefits that may be realized as paid time-off. Expense and the related liability are recognized as paid time-off when the benefits are earned. Compensated absence liabilities are computed using regular pay and termination pay rates in effect at the combined statement of net position date plus an additional amount for compensation-related payments such as social security and Medicare taxes computed using rates in effect at the combined net position date.

**Operating Revenues and Expenses** – For the purpose of display, the District's combined statements of revenues, expenses, and changes in net position distinguishes between operating and non-operating revenues and expenses. Operating revenues result from exchange transactions associated with providing health care services – the District's principal activity. Non-exchange revenues, including taxes, grants, and contributions received for purposes other than capital asset acquisition, are reported as non-operating revenues. Operating expenses are all expenses incurred to provide health care services, other than financing costs.

**Grants and Contributions** – From time to time, the District receives contributions from individuals and private organizations. Revenues from contributions (including contributions of capital assets) are recognized when all eligibility requirements, including time requirements, are met. Contributions may be restricted for either specific operating purposes or for capital purposes. Amounts that are unrestricted or that are restricted to a specific operating purpose are reported as non-operating revenues. Amounts restricted to capital acquisitions are reported after non-operating revenues and expenses.

**Risk Management** – The District is exposed to various risks of loss from torts: medical malpractice, theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disaster; and employee health, dental, and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters; except medical malpractice claims as discussed in Note 18. Settled claims have not exceeded the commercial coverage in any of the three preceding years. The District is also partially self-insured for a portion of its exposure to risk of loss from employee health claims. An annual estimated provision is accrued for the self-funded portion of employee health claims and includes an estimate of the ultimate cost for both reported claims and claims incurred but not yet reported.

JULY 31, 2022 AND 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Federal Income Taxes** – The District is a governmental entity; therefore, no expense has been provided for income taxes in the accompanying combined financial statements. The Foundation is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Foundation evaluates and accounts for uncertain tax positions in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 740, Income Taxes (formerly FASB Interpretation 48 (FIN 48) Accounting for Uncertainty in Income Taxes). This standard requires certain disclosures about uncertain income tax positions. The Foundation evaluates any uncertain tax positions using the provisions of ASC 450, Contingencies. As a result, management does not believe that any uncertain tax positions currently exist and no loss contingency has been recognized in the accompanying combined financial statements. The Foundation has filed all applicable tax returns. The Foundation’s Forms 990, *Return of Organization Exempt from Income Tax*, are subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

**Property Taxes** – The District levies taxes as provided under state law on properties within the District. These taxes are collected by the Dallam County and Hartley County Appraisal Districts and are remitted to the District when received. The District’s taxes are levied and become collectible from October 1 to January 31 of the succeeding year. The taxes are based on the assessed values listed as of the prior January 1, which is the due date a lien attaches to the taxable property. Property tax revenues are recognized when they become available. Allowances are provided for delinquent taxes.

**Reclassifications** – Certain amounts in the 2021 combined financial statements have been reclassified to conform to the 2022 combined financial statement presentation. These reclassifications had no effect on the combined change in net position.

**Newly Adopted Accounting Pronouncements:**

**GASB Statement No. 87** – In June 2017, the Governmental Accounting Standards Board (“GASB”) issued GASB Statement No. 87 – *Leases*. The objective of this Statement is to improve accounting and financial reporting for leases by governments by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. The Statement is effective for reporting periods beginning after June 15, 2021. See GASB Statement No. 95 for notice of implementation postponement. See also Note 2 for impact on the combined financial statements.

**GASB Statement No. 89** – In June 2018, the Governmental Accounting Standards Board (“GASB”) issued GASB Statement No. 89 – *Accounting for Interest Cost Incurred Before the end of a Construction Period*. The objective of this Statement is (1) to enhance the relevance and comparability of information about capital assets and the cost borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period. The Statement is effective for reporting periods beginning after December 15, 2020. Implementation of the Statement had no effect on the District’s net position.

**Newly Adopted Accounting Pronouncements (Continued):**

**GASB Statement No. 92** – In January 2020, the Governmental Accounting Standards Board (“GASB”) issued GASB Statement No. 92 – *Omnibus 2020*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics and includes specific provisions about the following:

- The effective date of GASB Statement No. 87, *Leases*;
- Reporting of intra-entity transfers of assets between a primary government employer and a component unit defined benefit pension plan or defined benefit other postemployment benefit (OPEB);
- The applicability of GASB Statements No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68*, and Amendments to Certain Provisions of GASB Statements 67 and 68, as amended, and No. 74, *Financial Reporting for Post-employment Benefit Plans Other Than Pension Plans*, as amended, to reporting assets accumulated for postemployment benefits;
- The applicability of certain requirements of GASB Statement No. 84, *Fiduciary Activities*, to postemployment benefit arrangements;
- Measurement of liabilities (and assets, if any) related to asset retirement obligations (AROs) in a government acquisition;
- Reporting by public entity risk pools for amounts that are recoverable from reinsurers or excess insurers;
- Reference to nonrecurring fair value measurements of assets and liabilities in authoritative literature;
- Terminology used to refer to derivative instruments.

The requirements of this Statement are effective as follows:

- The requirements related to the effective date of Statement 87, reinsurance recoveries, and terminology used to refer to derivative instruments are effective upon issuance;
- The requirements related to intra-entity transfers of assets and those related to the applicability of Statements 73 and 74 are effective for fiscal years beginning after June 15, 2021;
- The requirements related to application of Statement 84 to postemployment benefit arrangements and those related to nonrecurring fair value measurements of assets or liabilities are effective for reporting periods beginning after June 15, 2021;
- The requirements related to the measurement of liabilities (and assets, if any) associated with AROs in a government acquisition are effective for government acquisitions occurring in reporting periods beginning after June 15, 2021.

Implementation of the Statement had no effect on the District’s net position.

JULY 31, 2022 AND 2021**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**Newly Adopted Accounting Pronouncements (Continued):**

**GASB Statement No. 95** – In May 2020, the Governmental Accounting Standards Board (“GASB”) issued GASB Statement No. 95 – *Postponement of the Effective Dates of Certain Authoritative Guidance*. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later.

- The effective date for GASB Statement No. 87 has been postponed from reporting periods beginning after December 15, 2019 to reporting periods beginning after June 15, 2021.
- The effective date for GASB Statement No. 89 has been postponed from reporting periods beginning after December 15, 2019 to reporting periods beginning after December 15, 2020.
- The effective date for GASB Statement No. 91 has been postponed from reporting periods beginning after December 15, 2019 to reporting periods beginning after December 15, 2021.
- The effective date for GASB Statement No. 92 has been postponed from reporting periods beginning after June 15, 2020 to reporting periods beginning after June 15, 2021.

**Pending Adoption of Recent Accounting Pronouncements:**

**GASB Statement No. 91** – Governmental Accounting Standards Board Statement No. 91 - *Conduit Debt Obligations*. The objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. The requirements of this Statement are effective for periods beginning after December 15, 2021. Management is currently evaluating the effect this pronouncement will have on the financial statements and related disclosures.

**GASB Statement No. 96** – In May 2020, the Governmental Accounting Standards Board (“GASB”) issued GASB Statement No. 96 – *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset – an intangible asset – and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The Statement is effective for reporting periods beginning after June 15, 2022, with earlier application encouraged. Management is currently evaluating the effect this statement will have on the financial statements and related disclosures.

**Pending Adoption of Recent Accounting Pronouncements (Continued):**

**GASB Statement No. 99** – In April 2022, the Governmental Accounting Standards Board (“GASB”) issued GASB Statement No. 99 – *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are as follows:

- Clarification of provisions in Statement No. 87, *Leases*, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives,
- Clarification of provisions in Statement No. 96, *Subscription-Based Information Technology Arrangements*, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA, and recognition and measurement of a subscription liability,
- Disclosures related to nonmonetary transactions,
- Pledges of future revenues when resources are not received by the pledging government,
- Clarification of provisions in Statement No. 34, *Basic Financial Statements—and Management’s Discussion and Analysis—for State and Local Governments*, as amended, related to the focus of the government-wide financial statements,
- Terminology updates related to certain provisions of Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*,
- Terminology used in Statement 53 to refer to resource flows statements.

This statement is effective upon issuance for requirements related to disclosures of nonmonetary transactions, pledges of future revenues by pledging governments, clarification of certain provisions of Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance. The requirements related to leases and SBITAs are effective for fiscal years beginning after June 15, 2022. Management is currently evaluating the effect this statement will have on the financial statements and related disclosures.

**NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLE**

During 2022, management implemented the provisions of GASB Statement No. 87 – *Leases*. As a result of the implementation, management has recorded right-of-use assets and related amortization and lease liability. The implementation of this Statement had no effect on net position in 2021 and 2020, respectively.

NOTES TO COMBINED FINANCIAL STATEMENTS (CONTINUED)  
JULY 31, 2022 AND 2021**

**NOTE 3 - NET PATIENT SERVICE REVENUE**

The District has agreements with third-party payors that provide for payments to the District at amounts different from its established rates. A summary of the payment arrangements with major third-party payors follows:

**Medicare and Medicaid** – The District is a Critical Access Hospital. Thus, inpatient acute care services, certain inpatient non-acute care services, and outpatient services rendered to Medicare program beneficiaries are paid based on a cost reimbursement methodology. The District is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the District and audits thereof by the Medicare fiscal intermediary.

**Other** – The District has also entered into payment agreements with certain commercial insurance carriers and preferred provider organizations. The basis for payment under these agreements includes prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

**Estimated Third-Party Payor Settlements** - Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Anticipated final settlement amounts from current and prior years' cost reports are recorded in the combined financial statements as they are determined by the District. Estimated third-party payor settlements recorded in current assets (liabilities) as of July 31, 2022 and 2021 are (\$203,135) and \$190,371, respectively.

**Charity Care** – The value of charity care provided by the District based upon its established rates was \$3,161,750 in 2022 and \$3,023,411 in 2021. ASU 2010-23 requires charity care to be disclosed on a cost basis. The District utilizes the cost to charge ratios, as calculated based on its most recent cost reports, to determine the total cost. The District's cost of providing charity care was approximately and for the years ended July 31, 2022 and 2021, respectively.

	<u>2022</u>	<u>2021</u>
Medicare	13%	10%
Medicaid	2%	2%
Other Third-Party Payors	30%	27%
Patients	<u>55%</u>	<u>61%</u>
Total	<u>100%</u>	<u>100%</u>

**NOTE 6 – TAXES RECEIVABLE**

Property taxes are levied on October 1 of each year and become delinquent as of February 1 of the following year. Property taxes are recognized as revenue in the year for which taxes have been levied and are reported net of collection expenses and fees. Total tax revenue for 2022 and 2021 net of appraisal fees of \$108,745 and \$101,953, was \$3,708,116 and \$3,425,037, respectively. Total subsidies from Dallam and Hartley Counties and the City of Dalhart for 2022 and 2021 were \$108,000 and \$108,000, respectively.

As of July 31, 2022 and 2021, the balance of property taxes receivable and the related allowance for uncollectible taxes are as follows:

	<u>2022</u>	<u>2021</u>
Taxes Receivable	\$ 52,386	\$ 33,341

Construction in progress as of July 31, 2022 includes amounts related to a system conversion to Meditech, elevator project, and renovation project. The Meditech system conversion was completed in October 2022. The elevator was placed into service December 2022 with final payments occurring January 2023.

**NOTE 9 – CAPITAL LEASE BUYOUT**

On August 27, 2019, the District issued a \$900,000 promissory note payable, as noted in Note 11, of which \$796,025 was issued to buyout the MRI capital lease obligation. The remaining proceeds were used to purchase radiology equipment and to pay loan issuance costs. The difference between the reacquisition price and the net carrying amount of the old debt will be deferred and amortized as a component of interest expense in a systematic and rational manner over the remaining life of the old debt. The difference between the reacquisition price and the net carrying amount of the old debt is reported as a deferred outflow of resources. The District's deferred loss amortization period began September 1, 2019, the date of the capital lease buyout, and will be amortized over the remaining life of the old debt through July 1, 2022. As of July 31, 2022 and 2021, the unamortized deferred loss on capital lease buyout is \$0- and \$35,095, respectively, and is included within deferred outflows of resources in the combined statements of net position. Additionally, the District amortized \$35,095 and \$35,100 for the years ended July 31, 2022 and 2021, respectively. The respective expense is included within interest expense in the accompanying combined statements of revenues, expenses and changes in net position.

**NOTE 10 – ASSETS CLASSIFIED AS HELD FOR SALE**

On April 5, 2021, the District entered into an agreement with Haskell County Hospital District to sell the MRI, battery backup, and modular building for a total price of \$400,000. In April 2021, the District received an \$80,000 refundable deposit and the sale was completed in December 2021. The MRI and associated assets meet the requirements to be classified as held for sale as of July 31, 2021. Assets classified as held for sale shall no longer be depreciated and are presented at the lower of its carrying value or fair value, less cost to sell. As of July 31, 2022 and 2021, the total carrying value of assets classified as held for sale is \$-0- and \$372,410, respectively.

**Bonds, USDA/Assisted Living (B):** The Dallam-Hartley Counties Hospital District Revenue Bonds, Series 2004, were issued to finance upgrades to the assisted living facility. The bonds are secured by the revenue derived from the operations of the District. In accordance with the bond indenture, the following funds and insurance coverages are required:

**Revenue Fund:** All funds collected by the District shall be deposited into this account and then used to pay operating expenses and to transfer funds into the interest and sinking fund established by this bond agreement. During the year ended July 31, 2022 and 2021, the District had maintained a revenue fund in accordance with the bond indenture.

**Interest and Sinking Fund:** The District is to make monthly deposits into this fund for a total balance that equals the amount required to pay the interest and principal on the Series 2004 Bonds on the next ensuing payment date. The debt service cash is used to pay the scheduled interest and principal payments. As of July 31, 2022 and 2021, the District was in compliance with this provision of the bond indenture.

**Reserve Fund:** The District shall create a fund to accumulate and maintain funds as a reserve for the payment of bonds. These funds shall be transferred to the Interest and Sinking Fund. These funds shall be used solely for the payment of the principal and interest on the Bonds, when and to the extent other funds available for such purpose are insufficient, and may be used to retire the last of the Bonds outstanding. The District agrees to a monthly deposit to the Reserve Fund from the net revenues, 1/120<sup>th</sup> of \$12,172, being the required reserve which is the average annual debt service until the Reserve Fund contains a balance of \$124,058. As of July 31, 2022 and 2021, the District's Reserve Fund had a balance of \$125,233 and \$125,233, respectively. As of July 31, 2022 and 2021, the District was in compliance with the bond indenture.

For the years ended July 31, 2022 and 2021, total interest cost incurred was \$191,948 and \$278,380, respectively, all of which was charged to operations.

**NOTE 12 – SECTION 1115 DEMONSTRATION WAIVER PROGRAM**

**Uncompensated Care** - The District participated in the Section 1115 Demonstration Waiver Program, a program designed to benefit rural community hospitals. This program is facilitated through the District providing an intergovernmental transfer whereby federal matching funds are provided to supplement the District for the shortfall in Medicaid funding. In connection with this program, the District provided intergovernmental transfers of \$262,098 and \$146,044, and received \$905,123 and \$445,933 for the years ended July 31, 2022 and 2021, respectively. The District recognized net revenue of \$642,667 and \$299,889 for the years ended July 31, 2022 and 2021, respectively. The respective net revenue is included within net patient service revenue in the combined statements of revenues, expenses, and changes in net position.

NOTES TO COMBINED FINANCIAL STATEMENTS (CONTINUED)  
JULY 31, 2022 AND 2021**

**NOTE 12 – SECTION 1115 DEMONSTRATION WAIVER PROGRAM (CONTINUED)**

**Delivery System Reform Incentive Program** - As part of the Section 1115 Demonstration Waiver Program, the District is eligible to receive incentive payments through the Delivery System Reform Incentive Payment Program (DSRIP). This incentive program is designed to improve the experience of care, improve the health of populations, and contain costs. By participating in the DSRIP program, the District provides an intergovernmental transfer to finance the non-federal share of the incentive payments. In connection with this program, the District provided intergovernmental transfers of \$271,108 and \$289,689, and received \$821,539 and \$905,560, for the year ended July 31, 2022 and 2021, respectively. The District recognized net revenue of \$550,431 and \$615,871 for the years ending July 31, 2022 and 2021, respectively. The respective net revenue is included within operating revenues in the combined statements of revenues, expenses, and changes in net position.

**Indigent Care Affiliation** - Under the Section 1115 Demonstration Waiver, the District is part of an indigent care affiliation agreement with the Service Organization of West Texas, a non-profit corporation, and affiliated hospitals. This agreement is intended to increase funding for the Medicaid population and to access federal funding for the indigent population. Under this program, the District transfers certain governmental funds to the State of Texas. The Service Organization of West Texas then provides care to the Medicaid and non-Medicaid indigent in the region and surrounding communities. These services were valued at \$290,651 and \$1,967,341 for the years ended July 31, 2022 and 2021, respectively. As part of the affiliation agreement, the District provided \$-0- and \$631,172 in funding to the program during 2022 and 2021, respectively. As of July 31, 2022 and 2021, the District has funded \$-0- and \$465,817 respectively, which has been recorded as a prepaid in the combined statements of net position.

**NOTE 13 – MEDICAID DISPROPORTIONATE SHARE**

The Indigent Health Care and Treatment Act, passed by the 69<sup>th</sup> Texas Legislature in 1985, first apportioned funds to the Texas Department of Human Services (DHS) to provide assistance to hospitals providing a disproportionate share of indigent health care. The State of Texas created a mechanism whereby governmental transfers were made between selected district and county hospitals to generate additional federal matching funds. Hospitals participating in the Medicaid program that meet the conditions of participation and that serve a disproportionate share of low-income patients as defined by state law are eligible for additional reimbursement from the disproportionate share hospital fund. There are direct and indirect implied expectations regarding purposes of this funding. The focus of the funds is to benefit the health care needs of the medically indigent, including recipients of Medicaid benefits, those eligible for Medicaid benefits, the uninsured poor, and others for whom the cost of medical and hospital care has exceeded their ability to pay. However, state and federal law offer considerable flexibility to recipient hospitals regarding specific use of funds. Additionally, the District recognized \$531,013 and \$413,545 in disproportionate share revenue for the years ended July 31, 2022 and 2021, respectively. The respective net revenue is included within net patient service revenue in the combined statements of revenues, expenses, and changes in net position.

**NOTE 14 – COVID-19 FEDERAL FINANCIAL ASSISTANCE**

The Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136), American Rescue Plan (“ARP”) Act (P.L. 117-2), and the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act (P.L. 116-123) appropriated funds to reimburse eligible healthcare providers for healthcare related expenses or lost revenues attributable to coronavirus. These funds were distributed by the Health Resources and Services Administration (HRSA) through the Provider Relief Fund (PRF) program. The District received relief funds through Targeted Distribution stimulus payments and allocations for Skilled Nursing Facilities (SNFs). Recipients of these funds agreed to Terms and Conditions, which require compliance with reporting requirements as specified by the Secretary of Health and Human Services in program instructions.

**Target Distribution** – By accepting the Relief Funds, the District must maintain compliance with the Secretary's terms and conditions, including but not limited to, using the Relief Funds to prevent, prepare for, and respond to coronavirus, and shall reimburse the District only for healthcare related expenses or lost revenues that are attributable to coronavirus. The District’s commitment to full compliance with all the terms and conditions is material to the Secretary’s decision to disburse these funds. Noncompliance with any terms and conditions is grounds for the secretary to recoup some or all of the payment made from the relief fund. The District received Targeted Distribution Funds in the amount of \$680,499 and \$35,985 for the years ended July 31, 2022 and 2021.

**Allocation for Skilled Nursing Facilities (SNFs)** – The Relief Funds provided to skilled nursing facilities is to help them combat the effects of the pandemic on the nation's vulnerable seniors. The provider relief funds will be used to support nursing homes suffering from significant expenses or lost revenue attributable to COVID-19. The Nursing Home must attest they will only use the Provider Relief Fund payments to prevent, prepare for, and respond to coronavirus, and that the Payment shall reimburse for health care related expenses or lost revenues that are attributable to coronavirus. The District received Skilled Nursing Facilities funds in the amount of \$-0- and \$188,926 for the years ended July 31, 2022 and 2021, respectively.

**Community-based Workforce for COVID-19 Vaccine Program** – In March 2021, the United States Congress passed the American Rescue Plan (“ARP”) Act (P.L. 117-2). The ARP Act appropriated additional funds to address the continued impact of COVID-19 on the economy, public health, state and local governments, individuals, and businesses. These funds were distributed by the Health Resources Services Administration (“HRSA”) through the Rural Health Clinic Vaccine Confidence (“RHCVC”) Program. The RHCVC program supports vaccine outreach in rural communities and grant revenue is recognized as qualifying expenditures are incurred over the grant period. The District received \$-0- and \$200,000, respectively.

In accordance with the Department of Health and Human Services Post-Payment Notice of Reporting Requirements released June 11, 2021, the recipients must submit their use of PRF payments by reporting healthcare related expenses attributable to coronavirus that another source has not reimbursed then applying actual patient care lost revenues to the remaining funds. The period of availability of funds is based on the date the payment is received as follows:

**Coronavirus State and Local Fiscal and Recovery Funds (SLFRF)** – The Texas Department of Health and Human Services Commission (“HHSCJ”) received funding from the United States Department of Treasury to distribute to facilities in the State of Texas for the purpose of supporting their response to and recovery from the COVID-19 public health emergency. Eligible hospital facilities received \$250,000 from HHSC. Eligible nursing home facilities received \$75,000. For the years ended July 31, 2022, the District received \$325,000 in SLFRF funds.

For the years ended July 31, 2022 and 2021, the District incurred qualifying expenditures and recognized COVID-19 federal financial assistance revenue in the amount of \$388,182 and \$424,911. The respective revenue is included within nonoperating revenues in the accompanying combined statements of revenues, expenses and changes in net position.

**NOTE 15 – MEDICARE ACCELERATED ADVANCE PAYMENTS**

On March 28, 2020, Centers for Medicare and Medicaid Services (CMS) expanded the existing Accelerated and Advance Payments Program (AAP) to a broader group of Medicare Part A providers and Part B Suppliers. An accelerated or advance payment is a payment intended to provide necessary funds when there is a disruption in claims submission and/or claims processing. CMS can also offer these payments in circumstances such as national emergencies, or natural disasters in order to accelerate cash flow to the impacted health care providers and suppliers. The passage of the Coronavirus Aid, Relief, and Economic Security (CARES) Act (P.L. 116-136) on March 27, 2020, amended the existing Accelerated Payments Program to provide additional benefits and flexibilities.

The Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159), enacted on October 1, 2020, amended the repayment terms for all providers who requested and received accelerated and advance payments during the COVID-19 Public Health Emergency. Repayment does not begin until one year from the date the accelerated or advance payment was issued. Beginning one year from the date the payment was issued and continuing for 11 months, Medicare payments owed to providers and suppliers will be recouped at a rate of 25%. After 11 months ended, Medicare payments owed to the providers and suppliers will be recouped at a rate of 50% for another six months. After six months end, a letter for any remaining balance of the accelerated or advance payments will be issued. As of July 31, 2022 and 2021, the balances in Medicare Accelerated Advance Payments are \$1,639,539 and \$3,072,034, respectively, which are recorded within deferred inflows of resources in the combined statements of net position.

**NOTE 16 – NURSING HOME OPERATIONS**

**Quality Incentive Payment Program** – During its 84<sup>th</sup> session, the Texas Legislature directed HHSC to begin a new Quality Incentive Payment Program (QIPP) effective September 1, 2016, and HHSC implemented QIPP on September 1, 2017. QIPP requires participating facilities meeting certain qualifying criteria to submit projects to HHSC requesting the additional funding as supported in the individual projects. These projects are expected to improve quality and innovation in the provision of nursing facility services, including but not limited to payment incentives to establish culture change, small house models, staffing enhancements and outcome measures to improve the quality of care and life for nursing facility residents. A portion of the additional funding will be funded through intergovernmental transfer (IGT) payments from each participating provider. QIPP IGTs for a specific capitation rate period will be due to HHSC approximately six months prior to the beginning of the rate period.

During 2022, the District transferred approximately \$512,004 to HHSC via IGTs for use as the state share of payments for Year 5 second period March 1, 2022 through August 31, 2022 and Year 6 first period September 1, 2022 through February 28, 2023. During 2021, the District transferred approximately \$659,982 to HHSC via IGTs for use as the state share of payments for Year 4 second period March 1, 2021 through August 31, 2021 and Year 5 first period September 1, 2021 through February 28, 2022. As of July 31, 2022 and 2021, the District recorded prepaid IGT in the amount of \$299,815 and \$298,427, respectively, and is recorded in other receivables in the combined statements of net position. Net revenue for the years ended July 31, 2022 and 2021 was \$422,288 and \$475,434, respectively. The net revenue is recorded within net patient service revenue in the combined statements of revenues, expenses, and changes in net position.

**NOTE 17 - EMPLOYEE BENEFITS**

**Deferred Compensation Plan** - Effective August 1, 1996, the District entered into an agreement for an employee 457(b) deferred compensation plan, known as the Dallam-Hartley County Hospital District Deferred Compensation Plan (the “Plan”) and administered by InWest Pension Management, Inc. Under the Plan, all employees over the age of 18 and with three months continuous service are eligible to participate. Employees must complete one year of continuous service with a minimum of 1,000 hours to be eligible for employer matching contributions. Eligible employees may elect to defer a portion of their salary into the Plan, not to exceed annual limits set by law. In 2017, this plan was amended to allow Roth contributions. The District contributes a discretionary matching contribution to the Plan. The District’s retirement expense amounted to \$170,268 and \$117,529 for the years ended July 31, 2022 and 2021, respectively. Total employee contributions were \$237,541 and \$245,613 for the years ended July 31, 2022 and 2021, respectively.

JULY 31, 2022 AND 2021**

**NOTE 18 – MEDICAL MALPRACTICE CLAIMS**

The District is self-insured with respect to medical malpractice risks. The District, from time to time, may be subject to claims and lawsuits for other damages as well. Accounting principles generally accepted in the United States of America require a health care provider to accrue the expense of its share of malpractice claim costs, if any, for any reported and unreported incidents of potential improper professional service occurring during the year by estimating the probable ultimate costs of the incidents. The District has employed independent actuaries to estimate the ultimate costs, if any, of the settlement of such claims. As of July 31, 2022 and 2021, the District accrued \$480,000 and \$480,000, respectively, related to medical malpractice claim costs. It is reasonably possible that this estimate could change materially in the near term. The District is a unit of government covered by the Texas Tort Claims Act which, by statute, limits its liability to \$100,000 per individual and \$300,000 aggregate claim. These limits coincide with the malpractice self-insured program for medical malpractice risks.

**NOTE 19 - EMPLOYEE HEALTH CLAIMS**

The District is self-funded for health claims of participating employees and dependents up to \$75,000 per individual. Commercial stop-loss insurance coverage is purchased for claims in excess of the individual amount. A provision is accrued for self-insured employee health claims including both claims reported and claims incurred but not yet reported. The accrual is estimated based on the consideration of prior claims experience, recently settled claims, frequency of claims, and other economic and social factors. Activity in the District's accrued employee health claims liability during 2022 and 2021 is summarized as follows:

	<u>2022</u>	<u>2021</u>
Balance, Beginning of Year	\$ 406,000	\$ 28,000
Current Year Claims Incurred and Changes in Estimates for Claims Incurred in Prior years	952,314	1,165,018
Claims and Expenses Paid	<u>(1,252,314)</u>	<u>(787,018)</u>
Balance, End of Year	<u>\$ 106,000</u>	<u>\$ 406,000</u>

**NOTE 20 - COMMITMENTS AND CONTINGENCIES**

**Litigation** - The District is from time-to-time subject to claims and suits for damages, including damages for personal injuries to patients and others, most of which are covered as to risk and amount. In the opinion of management, the ultimate resolution of any pending legal proceedings will not have a material effect on the District's combined financial position or results of operations.

**Leases** – The District leases various equipment under short term leases expiring at various dates. Total rental expense, including short term leases, in 2022 and 2021 was \$169,070 and \$91,147, respectively.

JULY 31, 2022 AND 2021**

**NOTE 20 - COMMITMENTS AND CONTINGENCIES (CONTINUED)**

**Texas Medicaid 1115 Healthcare Transformation Waiver Recoupment Liability** – During 2017, several hospitals filed a lawsuit against the federal government challenging the rule calculating disproportionate share (DSH) and uncompensated care (UC) payments. The hospitals claimed the rule’s definition of “costs incurred” was contrary to the Medicaid Act. The main issue is whether payments made by Medicare and private insurers should be subtracted from a hospital’s “costs incurred” in the calculation of the Medicaid Hospital Specific Limit (HSL). In August 2019, the D.C. Circuit reinstated the 2017 Final Rule as adopted by the Centers for Medicare and Medicaid Services. As a result, the HSL was subsequently recalculated, resulting in numerous hospitals receiving DSH and UC funds in excess of the calculated limit during demonstration year 7 and 8. Consequently, management has recorded an estimate for the anticipated recoupment of DSH and UC funds at July 31, 2022 and 2021. At July 31, 2022 and 2021, management recorded an estimated recoupment liability of \$233,000 and \$233,000, respectively. The recoupment liability is included within other accrued liabilities in the accompanying combined statements of net position.

**NOTE 21 – SUBSEQUENT EVENTS**

The date to which events occurring after July 31, 2022, the date of the most recent combined statement of net position, have been evaluated for possible adjustment to the combined financial statements or disclosure is May 24, 2023, which is the date on which the combined financial statements were available to be issued.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors and Management  
Dallam-Hartley Counties Hospital District  
Dalhart, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Dallam-Hartley Counties Hospital District (the "District"), as of and for the year ended July 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated May 24, 2023.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the combined financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a certain deficiency in internal control, described in the accompanying schedule of findings and responses as item 2022-01 that we consider to be a material weakness.

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the District's combined financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and responses.

## **The District's Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the District's response to the findings identified in our audit and described in the accompanying schedule of findings and responses. The District's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
