

## Are you ready?

Begin your application journey in Spring 2024 (February) for a possible Fall 2024 start in the next RNEC class. The dates and times of the Application Process Meeting will be posted to the Nursing website once they are determined.

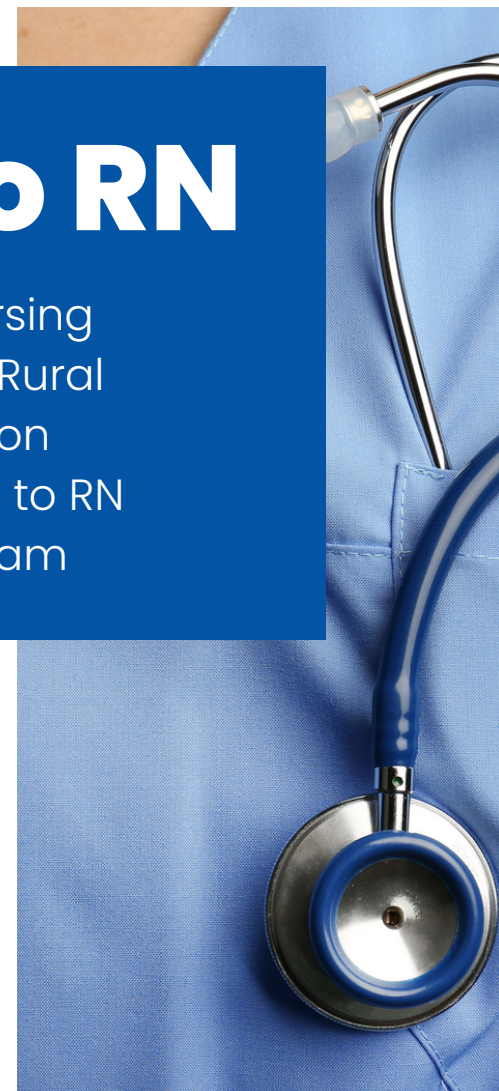

Students who are interested in the next RNEC class will need to fill out an application for admission to Amarillo College and submit official transcripts from each and every college or university that they have attended directly to the AC Registrar's Office to be evaluated. There is a very nice checklist for individuals to follow at: [www.actx.edu/enroll](http://www.actx.edu/enroll). Then, they can follow up with further academic advising from AC.

# LVN to RN

Elevate your nursing career with the Rural Nursing Education Consortium LVN to RN Transition Program

**“Caring is the  
essence of nursing.”**

—Jean Watson

# Requirements

The five courses listed in Semester One – General Education are the required prerequisites needed in order to apply for the Transition track.

The additional general education courses are shown in the position that they must be taken to progress to the next level of Nursing courses. Students must also be at the college level in Math in order to apply.

Students must have Medical Terminology. It can either be the 3-credit hour course of HITT 1305 Medical Terminology or HITT 1205 Medical Terminology as a 2-credit hour course. AC offers this course in both Summer 2023 and Fall 2023, as well as Spring 2024, for enrollment consideration. Students will take the HESI (A2) in Spring 2024.
